- **Stand depth (inches):** 9.1 inch
- **Max stand height (inches):** 16.9 inch
- **Stand weight:** 2.5 kg
- **Stand weight (lbs):** 5.5 lb
- **Weight incl. packaging:** 3.54 kg
- **Weight incl. Packaging (lb):** 7.8

Related Products

- **Compatible with:** 190B7

Product highlights

ScreenRotate

ScreenRotate makes it possible to use a monitor in either the landscape and portrait mode; to change orientation for a better view of a selected document or image, the monitor is rotated to the desired orientation.

Adjustable height

Adjustable height is the ability of a monitor to travel up or down on its base and lock into position when the desired height is reached, delivering a comfortable, individualised viewing angle that is just right for the user's height, weight, body-type and posture, alleviating possible eyestrain or fatigue that can come from long hours working on a computer.

Screen tilt and swivel

Screen tilt and swivel is a mechanism built into the base and permits the monitor to swivel and tilt backward or forward.

SEB cable management

Cable management is a system that maintains tidy workspace by organising cables and wires required for the operation of a display device.
