EXCEED YOUR VISION

Epson AcuLaser C2600N

Fast, flexible, cost-effective colour printing

The Epson AcuLaser C2600N gives you professional quality colour and black and white printing at an impressive 30 pages per minute in mono and 7.5 pages per minute in colour. And if you run out of colour toner it will continue as a mono printer.

The highest quality colour and mono results in one affordable printer

With Epson's AcuLaser C2600N you get vibrant colour to enhance business documents as well as reliable mono printing. If you run out of colour toner, it continues as a mono printer, and with similar costs per page to mono-only, it saves you money.

Colour printing in seconds

With a first page speed of 9.3 seconds in mono and 15.3 in colour, and with impressive print speeds of 30 ppm in mono and 7.5 ppm in colour, it's faster than many mono lasers and colour inkjets on the market today.

Consistent high quality results

Even the finest details are accurately reproduced in perfect natural colour and with uniform quality using our innovative Epson AcuBrite toners.

Our advanced multi-pass print engine ensures that you get perfect results every time and our advanced imaging technology does it without compromising on speed.

Easy to use

You can be up and running and supporting your business in minutes. With the control panel's detailed instructions, it couldn't be easier to integrate the Epson AcuLaser C2600N into your company.
