Product highlights

This appliance has a unique Clean Comfort Cassette

When disposing the dust bag, there will be no contact with the dust thanks to this patented system.

This product comes with the Reach & Clean nozzle

The innovative design of the Reach & Clean nozzle makes it possible to reach into the narrowest spaces simply by repositioning the nozzle head sideways, while offering 40% more suction power at the same time. And by completely reversing the nozzle, you quickly and easily convert it from use on hard floors to use on carpets and rugs.
