

Logitech®
G11

Stay on top of your game with the Logitech® G11 keyboard. Illuminated characters on every key will help you play all night - perfect for high-end raids or marathon flag defense sessions. Easily program any of the 18 G keys to perform useful functions on the fly - included Profiler software lets you create new macros without leaving the game. You can even use the game mode switch to disable the Windows® key, so you'll never get dumped to the desktop again! Features two full-speed USB ports for your headset or mouse, cable routing channels and media control keys. USB only. For Windows® XP and Vista

Benefits

- Illuminated characters are easily visible in both bright and low-light conditions
- Three levels of backlighting brightness for late-night gaming sessions
- Perform single keystrokes or complex macros with 18 fully programmable G keys
- Create and save new macros with a press of a button – while you're still playing
- Intelligently route mouse, headset, or other cables using convenient channels under the keyboard
- USB only
- Documentation in 16 languages
- 2 year guarantee
- Full product support
