HP 2.4GHz Wireless Laser Mobile Mouse

Comfort and control that's always in reach.

Combining control, comfort and convenience the HP 2.4GHz Wireless Laser Mobile Mouse is ideal for detailed work or fast play. Its rubber sides, smooth scroll wheel, adjustable sensitivity and advanced wireless technology ensure all-day ease of use.

- **Move smooth on nearly any surface.**
Always know you can travel with confidence even without a mouse pad. With a laser sensor that provides adjustable sensitivity you'll be able to keep working on most surfaces.
- **No delays with improved connectivity.**
Stay connected whether you're working up close or from a distance. With its advanced 2.4GHz wireless technology you'll experience less interference and longer range of operation.
- **Keep it together when you're on the road.**
You'll never lose a receiver again! The micro-receiver is so small you can conveniently leave it plugged into your notebook or store it inside the mouse, always ensuring they stay together.
- **Get a grip and stay comfortable.**
Whether gaming or working you need to stay in control and comfortable. Featuring rubber sides and symmetric design you'll enjoy long-term comfort with a secure grip for left or right hand use.
- **Take control in your own hand.**
Don't forget the fine details. When it's improved control you're after, the smooth scroll wheel with a middle rubber trim provides a great feel – whether you're scrolling up, down, left or right.
- **Compatibility:** Compatible across all notebook and desktop platforms
- **Recommended system requirements:** Available USB port; Microsoft Windows XP/Vista/7
