

**NEW! Full 2.4A charging capability**

Charges iPad Air in approximately 4 hours –  
33% faster than 2.1A solutions

**ERGOTRON®****Highlights****Top-rated Sync & Charge**

- Built-in syncing capability; simultaneously sync up to 10 devices by connecting your laptop via the cabinet's USB port

**Safe & Secure**

- Tested and certified to UL 60950-1 standards, FCC requirements and all applicable country-specific regulations
- Six-point lock assembly provides strong theft deterrence; includes security screws to attach product to the wall
- Fan and ventilation system maintains safe operating temperature
- Ergotron not only uses UL-certified components, but goes a step further to have UL certify the entire system to guarantee safe use within the classroom, healthcare, or enterprise setting

**Slim & Open Design**

- Fits most anywhere: very low profile – only 4" (10 cm) deep, even with access doors
- Accommodates most iPad cases – including the popular Otterbox Defender™ and Griffin Survivor™

**Easy Set-up & Operation**

- Quick, simple installation includes mounting template
- Patent-pending Show & Stow™ technology extends iPad devices to the user when the door is opened for easy storage and removal
- Easy to clean, sleek and smart design hides device and cord clutter
- Clear ISI (Individual Status Indicator) LEDs provide power and charging status of each individual device at a glance

**Tablet Management Wall Mount 10 — for iPad****Ready. Set. Charge.****Choose pre-installed 30-pin or pre-installed Lightning cable option**

Sleek, low-profile design accommodates all generations of Apple iPad and iPad mini devices. Durable steel doors with robust six-point lock and key assembly provide strong theft deterrence. Full 2.4A charging and syncing capability. Tested and certified to UL 60950-1 standards.

- Compact Size: 23.2" W x 31.8" H x 4.0" D (59 x 80,9 x 10,2 cm)
- Easy installation:
  1. Mount two brackets on the wall using installation template
  2. Hang wall mount unit
  3. Secure to wall with security screws
  4. Install power cord cover
  5. Plug iPad devices into unit
  6. Plug Tablet Management Wall Mount into the wall outlet
- Includes external USB 2.0B port to connect laptop for syncing (USB cable not included)
- Cooling/ventilation: one 12V DC continuous operation fan
- Power system: input: 100-240V~, 2.0A, 50/60 Hz
- Temperature range:
  - Operating 0° to 30°C (32° to 86°F)
  - Storage -40°C to 60°C (-40° to 140°F)
- Relative humidity (maximum):
  - Operating 10–90% (non-condensing)
  - Storage 5–95% (non-condensing)
- Altitude (maximum): 2000 m (6,562 feet)
- Environmentally clean: RoHS, REACH, WEEE and EU (94/62/EC) packaging compliant
- Entire system certified to UL 60950-1 and UL 2442. Complies with FCC Part 15 Class A requirements

TABLET CASES – The following cases have been tested and confirmed to work with the Tablet Management Wall Mount 10 product. This is not a comprehensive list. If your cover fits within the maximum dimensions of 10.2"H x 7.9"W x 0.9"D (25.9 x 20.1 x 2.3 cm) with the cable plugged in, it should also fit.
