

With each and every new panel of my graphic novel I try to open up another window into a fantastic and inspiring world.

Daniel Lieske | Graphic Novel Creator

INTRODUCING THE CINTIQ 13HD

Like our pioneer Daniel Lieske, experience the power of a high-performance Cintiq in a compact, slim design. The Cintiq 13HD is an interactive pen display that allows you to create directly onto a 13.3" Full HD display. It offers you many of the advantages of the larger Cintiq, like the four time-saving, customisable ExpressKeys, the Rocker Ring, and the Home Button for easy shortcut access. Its high-resolution Full HD 1920 x 1080 LED display features a 178° viewing angle and renders 16.7 million colours.

The detachable stand adjusts to three different working angles and you can also use the Cintiq 13HD flat on your desktop or in your lap. Wacom's powerful new Pro Pen with 2048 levels of pressure sensitivity, tilt recognition, and a more comfortable, ergonomic design provides precise control and a better feel than ever. The new Pro Pen comes in a compact carrying case that includes storage for the extra nibs and colour rings that help you easily personalise and identify your pen. The Cintiq 13HD experience starts right away – with a new, simple setup. Our convenient new 3-in-1 cable reduces clutter and makes setup on any Mac or PC a snap.

KEY FEATURES

- High-resolution 13.3 inch HD 1920 x 1080 LED display with a 178° viewing angle and 16.7 million colours
- Compact, slim design takes up minimal desk space

Dimensions	375 x 248 x 14 mm (14.75 x 9.75 x 0.5 in)
Weight	1.2 kg
Stand adjustability	three angles (22°, 35° and 50°), flat if stand is detached
PC and Mac connection	HDMI, USB
Supported operating systems	Windows® 8, 7 (32 / 64 bit), Vista SP1, XP SP2 Mac: OS X v10.6.8 or later (Intel processor)
Model number	DTK-1300

DISPLAY

Type	a-Si active matrix thin film transistor (TFT) liquid crystal display (LCD) with in-plane switching (IPS) and LED backlight
Screen size (diagonal)	338 mm (13.3 in)
Resolution	Full HD (1920 x 1080 pixels)
Colour performance	16.7 million colours, colour gamut 75% Adobe RGB
Aspect ratio	16:9
Viewing angle (horizontal/vertical)	178° (89°/89°), (89°/89°)
Contrast ratio	700:1
Brightness	250 cd/m ²
Response rate	25 ms
Active area	299 x 171 mm (11.75 x 6.75 in)
Pixel pitch	0.15 x 0.15 mm
Cover plate	tempered etched glass with anti-glare coating

INPUT

Pen	Pro Pen
Pressure levels	2048 on pen tip and eraser
Type	pressure-sensitive, cordless, battery-free
Switches	tip switch, two side-switches, eraser
Tilt recognition	±60 levels
Nibs	five standard nibs, three felt nibs, one stroke nib
Pen case	yes
Pen stand	yes
Grip area	latex-free silicone rubber
Technology	patented electromagnetic resonance method
Resolution	5080 lines per inch
ExpressKeys™	four customisable, application-specific keys
Rocker Ring	4 customisable functions
Home Button	1 customisable function
Radial menu	yes
Precision mode	yes
Display toggle	yes

CONNECTIONS

Cables included	Wacom's 3-in-1 cable
PC and Mac connection	HDMI and USB
Display connection	Wacom's 3-in-1 cable
Peripheral connections	USB 2.0 port

POWER AND OPERATING REQUIREMENTS

Power supply input	100 to 240 VAC, 50/60Hz
Power supply output	19 VDC, 1.58 A (max)
Power consumption	9.0 W (max.), 1 W or less in sleep mode, 0.5 W or less when off
